ONE-TIME ENVOY IS WITNESS

Former Ambassador to Belgium Declares Armed Ship Measure Only Incidental to Administration Purpose of Expunging Neutrality Act From Books; Other Opponents Heard

WILLKIE'S PROPOSAL OF REPEAL ATTACKED

Washington, Oct. 23.—(P)—John Cudahy, former ambassador to Belgium, declared today the pending armed ship legislation was only incidental to "the administration's main purpose of expunging the neutrality act from the statute books."

Cudahy appeared before the senate foreign relations committee in opposition to the merchant ship arming as Capitol Hill and White House developments indicated that administration forces would take the lead in urging the senate to expand the measure so as to permit American ships to travel anywhere in the world. Under the neutrality act, merchant vessels now can not enter belligerent ports or designated combat zones.

Cudahy, who served in Belgium at the time of the German invasion and also has been ambassador to Poland and minister to Ireland, told reporters prior to his committee appearance that the house-approved armed ship proposal "is another step edging us into war by subterfuge."

Directly before the committee is only the repealer of the neutrality act's ban against arming merchant ships but Chairman Connally (D-Tex.) told reporters he was having amendments drafted to broaden the scope of the legislation. Connally advocates the sending of American ships wherever necessary in delivering aid to nations fighting the Axis.

Cudahy said British military leaders believed that the only way the war could be won "is by an invasion of Germany." Such an invasion, he declared, "would require at least 8,000,000 men from this country."

The former envoy remarked that "I was in Belgium when the Germans came in and I have seen the German army at close range. I know something about its might."

Another witness, John T. Flynn, a columnist, said in a statement that while the armed ship bill itself was not important it was "one item in a collection or series of operations, the effect of which is to create a state of war."

The bill, he declared, offers an excellent method for exposing American merchant ships "to more deadly forms of attack."

John Finerty, New York attorney, and another opposition witness, told reporters he saw no need to revise the neutrality act "unless we are going to war." He said the president could give Great Britain enough assistance under provisions of the lend-lease act.

Downtown, Stephen E. Early, the White House press secretary, emphasized yesterday that Mr. Roosevelt was anxious for congress to give quick consideration to legislation permitting American ships to enter belligerent ports.

MINISTER TELLS HELP OFFERED TO RED PREMIER

Beaverbrook Outlines United States and British Promises of Assistance in Replacing Losses by Russians

BRITAIN TO GET AID

London, Oct. 23.—(P)—Lord Beaverbrook told the house of lords today the United States and British missions to Russia had promised Joseph Stalin to make up Russia's losses in tanks and planes in the war against Germany by shipments from their two countries.

Beaverbrook, minister of supply and head of the British war aid mission to Moscow, declared that Russia had lost textile, munitions and heavy machine industries of great value and compared the U. S. S. R.'s position to that of Britain after Dunkerque.

Stalin told the missions that the Germans had changed tactics by using small numbers of tanks with infantry instead of in massed, Beaverbrook said in a long review of the Moscow conference.

Beaverbrook, who recently returned from the Moscow consultations with Stalin and W. Averell Harriman, head of the American mission, disclosed Stalin promised Great Britain raw materials from Russia to meet "many of our needs" and said the Russian leader "agreed to supply us with pitch, chrome, potash, magnesite, potassium, timber and canned salmon."

"We promised him aluminum, copper, lead, zinc, brass, phosphorus and shellac," he said. "The Americans promised oil and petrol from the United States and that was very gratifying."

"Stalin told us this war was being decided by tanks. He said it was a tank war. I asked him about aircraft, but he replied that it was essentially a tank war."

Beaverbrook said "we have made available the October quota of all things promised by us in the agreement signed in Moscow."

He said he had received information from the United States along similar lines on the trip-power pact, reading "United States promises are being fulfilled."

"We have forwarded a considerable quantity of wheat," he said, "wheat that has come out of our own stocks in Canada x x x. We are also shipping large quantities of sugar taken from our own stocks in Britain."

Describing Russian industrial losses as heavy, he added:

"Aluminum losses were more serious. Stalin told me that we must expect a considerable drain on our aluminum resources if we were to sustain the Russians."

He said Britain had plenty of raw materials and tools, but machine tool output would have to be increased.

"We have no right to demand from the United States any great flow of machine tools in the future," he said.

POSITION DECLARED SERIOUS

Both Sides Rushing Up Reinforcements As Russians Attempt to Stem Nazi Drive Near Maloyaroslavl, Southwest of Capital; Shake-up in Soviet Command

NEW CHIEF PRAISED AS EXPERIENCED MAN

By HENRY C. CASSIDY
Kuibyshev, Russia, 7 p. m., Oct. 22.—(Delayed)—(P)—The position of the Red army line near Maloyaroslavl, 65 miles southwest of Moscow, was described in front line dispatches tonight as serious but the Russians were said to have launched counter attacks in an effort to stem the Nazi drive.

Elsewhere along the Moscow front defenders of the Soviet capital were reported holding firm, with the centers of fighting still near Maloyaroslavl, Mozhaisk, 57 miles west of the capital, and Kalinin, 95 miles northwest of Moscow.

Both sides were reported rushing up reinforcements. The Germans moving up more Elite Guard regiments and the Red army pointing in tankborne infantry.

The Red army supreme command on the western front, it was disclosed earlier today, has been entrusted to General Gregory K. Zhukov, supplanting Marshal Semyon Timoshenko.

Zhukov, chief of the Soviet general staff and commander of the western army before Moscow, was praised by Pravda, the Communist party newspaper, as a "fighting, experienced leader" and as a soldier of "immense energy."

There was no report here of a new post for Timoshenko. (Turn to Page Fifteen)

CAPITAL BEING TURNED INTO A SECOND VERDUN

London, Oct. 23.—(P)—Strong German forces are striking hard in the southeast in Russia, punching for a soft spot through which to launch a drive for the oil rich Caucasus, an informed British source declared today.

He said that the Russians were turning Moscow into another Verdun, and the Germans were finding the going increasingly hard on a central front.

"It's 20 to 1 they'll never take Moscow this winter," he asserted. Of German reports that their forces were less than 38 miles from the Soviet capital, he said they'd find the last 38 miles the hardest.

The Germans were reliably reported to have rushed hundreds of paratroopers and parachutists to Moscow front, where there was sign of let up in the fighting. The weather was described as rain or snow by day and freezing conditions by night. Rain was reported in the south, and the source said a German thrust toward Kharkov, the metropolis of the Donets river valley, was still expected.

(BBC) quoted the Moscow radio (Turn to Page Fifteen)

Berlin, Oct. 23.—(P)—German spearheads are about 25 miles from Moscow—almost to the suburbs of the Soviet capital—German spokesmen said tonight after the high command declared the city's western and southwestern outer defenses had been breached on a broad front.

Although there was no definite word that the fiercely defended capital had been encircled, the belief was expressed here that there was little likelihood the Red army could get any effective help through to bolster the city's garrison.

German bombers, it was said, now are battering at Moscow by day as well as at night.

A special announcement from Adolf Hitler's field headquarters earlier today told of the break through the outer defenses in a hard-hitting assault and said the Germans at several places were within 60 kilometers (37.2 miles) of the capital.

The break through was made on a broad front during the past few days despite bad weather conditions, the war bulletin said. Moscow was bombed heavily again last night, it added.

German dispatches earlier had reported extremely bad weather throughout the whole line of battle today and indicated that the Russians were defending Moscow with great tenacity.

Nevertheless, dispatches from the front declared the German grip on the Red army defenders of the Soviet capital and the Donets valley was tightening steadily and mentioned a new outburst (Turn to Page Fifteen)

OVER THOUSAND T DEMS DINNER

Philadelphia, Oct. 23.—(P)—U. S. Senator Alvin Barkley (D-Ky.) told Philadelphiaans that "if you community" has not taken advantage of what he termed permanent public benefits offered by the new U. S. "the people have the right to their responsible officers accountable for any such failure on their part."

Barkley was the chief speaker last night at the Democratic \$100-a-plate campaign fund dinner. The attendance was 1,030.

Under President Roosevelt, the state majority leader said, "those advantages have been available to our community in the field of housing, social security, health care, and health improvement, sanitation, water purification, and innumerable other benefits x x x."

U. S. Senator Joseph Guffey, Pennsylvania Democrat, renewed a pledge which he said he made before his first election in 1934, to support President Roosevelt 100 percent.

Master of ceremonies was William G. Bull, former ambassador to France.

Expansion of Army Air Forces Is Announced By U. S. War Secretary

Washington, Oct. 23.—(P)—Secretary Stimson announced today that the Department of War is expanding its army air forces to 100,000 flying cadets and enlistees by next June 30, nearly doubling their present strength.

Subsequent expansion, possibly the 500,000 level, is possible beyond that date, Stimson said.

The present organization of the forces is based on 34 combat groups, whereas the enlarged program calls for 84 such groups, composed of several squadrons.

The secretary said the 54-group program was well on its way, but not yet completed.

Congress was told the original program provided for a force of 25,000 planes, but Stimson declined to state how many of these were in service or how many were contemplated under the enlarged program.

"This new plan means we have reached the point where our air forces are expanding very rapidly," he told a press conference.

Stimson announced at the same time a three-fold expansion of a course for officers in rifle and heavy weapons company work at the infantry school, Fort Benning, Ga., to permit the simultaneous instruction of 3,500 officer students.

Kelly Testifies in Investigation Of State's Payments to Jobless

ICKES REPORTS DANGER OF OIL SHORTAGE ENDED

Petroleum Coordinator Says Gasoline Supplies Now Above Last Year; Atlantic Seaboard Outlook Optimistic

WEATHER CUTS NEED FOR HEATING FUELS

Harrisburg, Oct. 23.—(P)—Ernest Kelly, director of Pennsylvania's Unemployment Compensation Division, said today that "it is impossible to eliminate fraud and over-payment" under the commonwealth's system.

"Pennsylvania is, and has been, the most difficult state to administer on account of the coverage of one or more (persons) since 80 per cent of the employers in Pennsylvania have employees of less than eight," Kelly told a special committee of the joint state government commission.

"When we get into that type of administration it is much more difficult than would obtain if we were dealing with employers of eight or more."

The committee has been investigating a report of Deputy Attorney General David Perry that thousands of dollars were paid out in fraudulent claims for jobless benefits.

"I have said before and I say again," Kelly told the committee, "that it is impossible to eliminate fraud and over-payment under this system. Figures that have been presented and that will be presented to me have no meaning because the number of fraud cases detected, could mean either good or bad administration, depending entirely on who was interpreting the figures."

"A large number of fraud detections would ordinarily reflect some looseness at the administrative level and yet it could mean that they have been very diligent—again depending on who read or interpreted the figures."

"The figures as reflected in Mr. Perry's letter to the attorney general reflect fraud detected."

Perry told the committee last week there was not sufficient manpower available to properly police the system. The deputy in charge of the compensation division's legal work, declared there were "very few ways" to prevent filing of fraudulent claims.

Kelly has called attention to a certain amount of fraudulent claims in the commonwealth's \$180,000,000 jobless benefit division.

"Overpayment of benefits and fraudulent claims exist in unemployment compensation although there are few administrators who can accurately determine the extent of fraud and the amount involved," he wrote recently in the social security magazine.

"Many agencies have endeavored and are doing everything possible to check fraud. They have had inadequate success because the existing systems of control are punitive rather than preventive. In other words, because of the nature of our system state agencies can check for the presence of fraud only after, rather than accurately determining the claimants eligibility before benefits have been paid."

WASHINGTON, OCT. 23.—(P)—Petroleum Coordinator Ickes said today that the prospect of a severe petroleum shortage in the east, about which he was warned often in recent weeks, now was virtually erased.

Gasoline supplies now are actually above last year, Ickes reported.

For the first time since he gloomily told last summer of possible gasless autos and homes with less heat this winter, the coordinator declared the general outlook on the Atlantic seaboard now was "optimistic," but he did not say when rationing of gasoline to filling stations would be ended.

Rapid improvement in the situation was attributed by Ickes to the program of the petroleum coordinator's office, coupled with continued widespread warm weather, which held down the consumption of heating oils.

The announcement said that shortly after the coordinator's program was launched last summer, petroleum stocks on the east coast were 9,000,000 barrels less than at the same time last year, but that inventories for the week ended October 18 showed "this deficit now has been reduced to 476,000 barrels" for all oils.

Gasoline stocks in the East October 18 were calculated at 19,559,000 barrels compared with 19,477,000 a year ago—up 82,000 barrels.

Ickes last night announced formally the British were returning several oil tankers borrowed from the United States and that this, with increased use of rail tank cars, "means that we are moving steadily forward in the jobs of relieving—and, if possible, entirely eliminating—the east coast transportation shortage."

One of Ickes' aides, in reply to questions, cautioned against speculation on the lifting of gasoline restrictions in 17 eastern states and the District of Columbia. He said Ickes and the petroleum office had reached no definite decision on the possibility of removing such restrictions, which include rationing of deliveries to service stations and a 7 p. m.-7 a. m. curfew on retail sales.

SIX DROWNED AS BOAT SINKS IN DETROIT RIVER

Detroit, Oct. 23.—(P)—Six crew members of the Great Lakes Towing Company's tug "America," from Toledo, O., drowned early today when the vessel sank while attempting to move the grounded freighter B. F. Jones from a mud bank near Peche Island in the Detroit river.

Harbormaster's police, who assisted in the rescue of seven crewmen, said the drowned men apparently were asleep below decks when the "America" overturned. Officers said they did not know what caused the tug to capsize, but believed a fouled or broken towline from the tug to the grounded freighter might have been responsible.

The following crewmen were reported missing by the coast guard: Harry Lamb, Toledo, O.; William McPherson, Port Huron, Mich.; Fred King, Toledo; Ray Paul, Sault Ste. Marie, Mich.; Nelson

ICELAND HEADS QUIT FOLLOWING POLICY DISPUTE

Reykjavik, Iceland, Oct. 22.—(Delayed)—(P)—Prime Minister Hermann Jonasson and his coalition cabinet of four resigned today because of a disagreement over policy toward a war-engendered rise in living costs in neutral Iceland.

The resignation came after a parliamentary crisis forced by the Progressive Party's attempt to pass a bill to control prices, which are rising rapidly as a result of the occupation by British and United States troops.

The ministers had governed Iceland since April, 1939.

Regent Sveinn Bjornsson accepted the resignation but asked the government to remain in office until a new cabinet was formed because "these are difficult times."

The bill to regulate prices was introduced by Progressive Eyjolfur Jonsson, minister for commerce, evidently with the approval of Jonasson, who also is a Progressive.

Other parties forming the government rebelled at what their spokesmen called "a move toward state socialism."

Resigning with the prime minister and Jonsson were Independent Olafur Thors, minister of industry and communications; Social Democrat Stefan Johann Stefansson, minister of foreign affairs and social welfare; and Independent Jakob Moeller, minister of finance.

QUICK PASSAGE OF LEASE-LEND BILL PREDICTED

Opposition Contents Itself By Putting Arguments Into Record as Debate on Measure Is Opened in Senate

NYE CHIEF OPPONENT

Washington, Oct. 23.—(P)—An opposition already resigned to defeat contented itself today by putting its arguments on the record as the senate opened debate on the \$5,985,000,000 lend-lease bill, with speedy passage widely taken for granted.

Senator Adams (D-Colo.) told reporters he felt the appropriation of such a large amount was not justified at this time, but he said he would abide by the judgment of the appropriations committee, which approved the measure without changing the lend-lease total asked by the president and already voted by the house.

Similarly, Senator Taft (R-Ohio) criticized the amount involved and deplored what he said was the "blank check" policy to be established by making \$1,875,000,000 available in one category for the purchase of agricultural, industrial and other commodities.

"That particular section means that practically anything can be purchased under the lend-lease program and it leaves the door wide open to corruption," he declared.

Much as he disliked that and other things about the bill, however, he acknowledged that "I probably will vote for it because (Turn to Page Ten)

G. O. P. JUDICIAL ASPIRANTS TALK

Scranton, Oct. 23.—(P)—The two Republican nominees for the state supreme and superior courts cautioned at a party rally last night that national defense must not be permitted to cloak any usurpation of democracy.

The present emergency, said Justice William Parker, seeking to hold his place on the supreme court, has given "certain vested interests" a chance to "plough around the stump in observing fundamental principles of the constitution."

Judge Charles E. Kenworthy, a candidate to succeed himself on the superior court, asserted that "nationalism must be the guiding hand of American safety."

"The power of the ballot, he said, is the 'only safe guarantee that this country will survive as a separate entity.'"

Only Three Days Remain to Gather Votes to Apply on Special Award

With but three days remaining in which to gather votes to apply on the special award \$25 cash prize being offered by the Warren Times-Mirror in connection with its Favorite Baby Election, parents and other backers of the scores of little candidates are putting forth every effort to obtain merchant coupons and subscription votes.

There are thirty other prizes offered in addition to the huge loving cups and the title of "Community's Favorite Baby" all to be awarded community babies at the close of the famous election November 22nd. In little more than one week, votes will take their first decrease in value; as has been repeatedly published in these columns votes will earn less one week later, and still less one week later, at no time will votes count as much as they do right now, the management of the campaign announces.

After the morning's work was done, she visited some of her nearest neighbors. She found that many had been buying at "baby stores" and had not been asking for vote coupons to which they were entitled. She changed that with a little explanation of how (Turn to Page Ten)

COUNTY SCHOOL DISTRICTS WILL BE GIVEN FUNDS

Transportation reimbursement payments to all Warren county school districts total \$52,429.17, according to Auditor General F. Clair Ross. The payments, which were approved today, cover expenditures for the school year 1940-41.

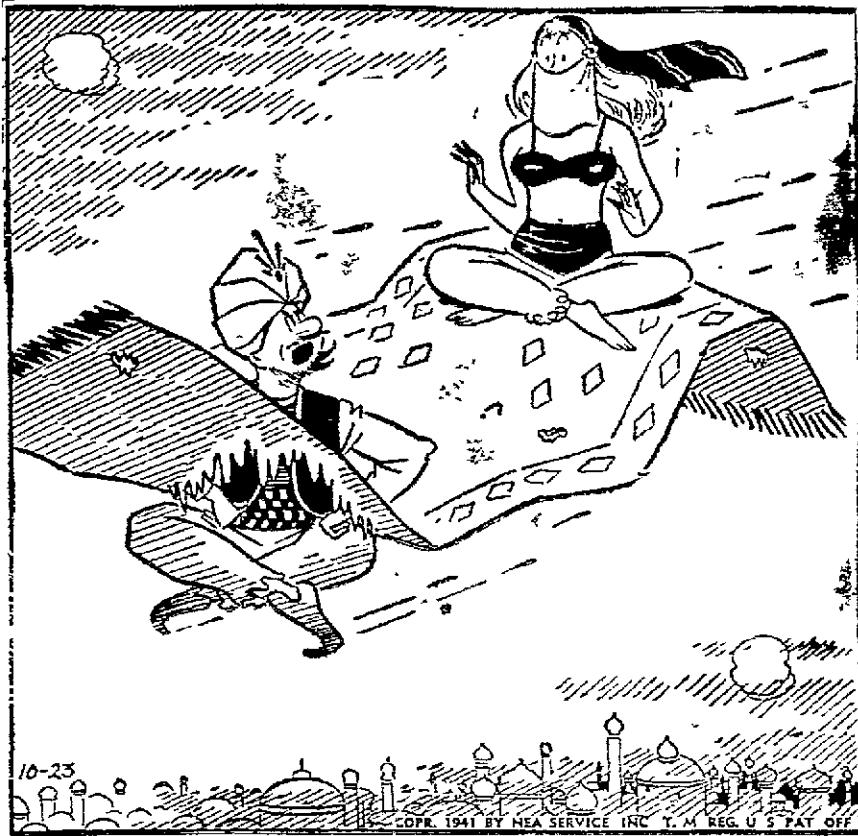

Of this amount the Warren borough school district will receive \$378 while the remainder is distributed to the various township districts.

Fourth class school districts of the county and the amounts they will receive were announced by the auditor general as follows:

Brokenstraw township, \$3,774.60; Clarendon borough, \$2,044; Coeydon township, \$1,044; Deerfield township, \$2,037.44; Eldred township, \$1,764.40; Elk township, \$514; Freehold township, \$4,569.60; Glade township, \$3,546; Grand Valley borough, \$1,092; Kinzua township, \$432; Limestone township, \$2,227.50; Mead township, \$1,878.41; Pine Grove township, \$4,001.04; Pittsfield township, \$4,198.20; Pleasant township, \$2,304.75; Sheffield township, \$1,296; South West township, \$2,700; Spring Creek township, \$2,857.03; Sugar Grove township, \$4,279.20; Triumph township, \$2,646; Watson township, \$2,835.

Still to be approved are similar payments to approximately 250 additional districts throughout the

34 COUNTY MEN START SERVICE WITH U. S. ARMY

Despite an incessant drizzling rain, an exceptionally large crowd was present at the Pennsylvania railroad station this morning to bid farewell to one of the largest groups of selective service trainees to leave this county at one time.

Thirty-four young men, nine from Local Draft Board No. 1 and 25 from Board No. 2, comprised the contingent which left this morning for New Cumberland, Md., to start their period of training under the Selective Service Act.

Ray Frederick Thompson, of Russell, was appointed leader of the group from Board No. 1, while Marvin R. Loper, of North Warren, was placed in charge of those from Board No. 2.

In spite of the fact that the train was about 25 minutes late in arriving in Warren, the majority of the crowd waited around until its departure. Besides the many relatives and friends at the station were members of the two local draft boards and members of the Citizens' Committee who represented the boys with the usual farewell gift of cigarettes, chewing gum and candy.

Twelve Warren county youths will be sent to Erie next Monday morning to take their final physical examinations in preparation for induction. Of this number five are from Local Board No. 1 and seven from Board No. 2.

Y.M.C.A. MEMBER DRIVE TO OPEN FRIDAY EVENING

The annual "Call to Membership" of the Warren Y. M. C. A. will be launched at a dinner meeting to be held tomorrow evening in the association building when the campaign organization of twenty men will be given instructions and prospect cards. Dinner will be served at six o'clock.

At this time the many workers will start out to make this year's drive one of the most successful in the history of the local association.

A feature of the present drive is the addition of a boys' team composed of the following members: James Boddert, Stanley Campbell, W. Clinger, Elliott Dunn, John Elliott, W. Erickson, F. Johnson, C. Joy and M. Swanson. This team will be under the leadership of T. F. Eppey, boys' work secretary.

Two men whose names were inadvertently omitted from the list of workers announced in Wednesday's paper are W. D. McElwain and H. Levinson.

START PARENT TRAINING FOR IRVINE CUBBERS

Parent training preliminary to the organization of a Cub Pack in Irvine will begin tonight in the Irvine school at 7:30. This is the first in a series of three parents meetings that will be held in conjunction with the organization of the Cub Pack. The Irvine Cub Pack is being organized at the request of boys 9, 10 and 11 years of age in Irvine who for some months have clamored for a younger boy organization similar to Scouting.

Parents of the prospective Cubs have been invited to attend the three parents meetings by the Irvine Attendance Committee consisting of Ross Walters, Herman Peterson and Dominic Randinelli. The training will be conducted tonight by A. N. Burk, field commissioner for Cubbing of the Warren County Council and F. M. Caghey, chairman of the organization and extension committee.

Charter memberships in the Irvine Cub Pack will go to those boys whose parents represent them in the parent training course. Every parent of boys of this age has been invited and because of the great interest expressed by the boys it is expected that a large number will attend. The other two meetings will be conducted on October 30 and November 6.

Cubbing is the younger boy program of the Boy Scouts of America.

How to make Pillsbury's
Cookie-Jar Cookies
for parties! for gifts!

Easy Pillsbury Recipe:

1. Sift and measure 1 1/2 c. Enriched Pillsbury's Best Flour; add 1 1/2 tsp. baking powder (or 3/4 tsp. double-acting) and 1/4 tsp. salt, sift. (Enrichment of Pillsbury's Best hasn't changed its rich, wheaty flavor, its fine baking quality—enrichment simply means that two B-vitamins and iron, essential to your family's health have been added.) 2. Cream 1/2 c. shortening; cream in 1/4 c. sugar; 3. Add 2 eggs, one at a time, beating well after each. Add 1 tsp. vanilla and 2 sqs. (2 oz.) unsweetened chocolate, melted. Mix well. Chop and add 3/4 c. sweet baking chocolate, and 1/2 c. nut meats. Blend well. 4. Add dry ingredients gradually. Stir until thoroughly mixed. (See how easily Pillsbury's Best blends into a smooth, velvety batter—an "early sign" of a grand, tender cookie to come!) 5. The fine choice wheat in Pillsbury's Best make it so perfect for cookies or for anything else you bake! And... it's *back*—proved in our kitchen to insure perfect results in yours. Each hour during milling, samples are tested for creamy whiteness; rigid baking tests are made four to six times daily.) 5. Drop the cookie-batter from a teaspoon onto an ungreased baking sheet. Pop into a hot oven (400° F.) and bake from 12 to 15 minutes. The recipe makes 3 dozen luscious Cookie-Jar Cookies. They're grand party refreshments... and grand prizes for your bridge club. But—you may as well know that once your husband and youngsters spot these rich, nutty flavored, double-chocolate cookies—it's every man for himself! Treat your family to cookies made the Pillsbury way—and bluish politely while they build you up as the best cook in town!

Repeat on "Moon Over Mulberry Street" to Newlyweds to Make
Bring Back Many Original Characterizations Home in Union City

A bit of "sunny Italy that was" will be transplanted to the stage of the St. Joseph auditorium on the evening of November 6-7, when the St. Joseph Players present their sparkling version of "Moon Over Mulberry Street," a comedy in three acts by Nicholas Cosentino.

The folks who live on Mulberry street are the kind of people all like to know. They are kind and loving, gay and romantic, carefree and witty; they represent the cross-section of modern American life as it exists in the metropolitan areas.

To represent these fun-loving people, the St. Joseph Players have selected some of their outstanding talent, each chosen because of his special ability to portray the specific character assigned him.

Among those who will return to play the parts which they did so exceptionally well in the original production, given several seasons ago by this club, will be Jane Bevington as Lanie, the adoring mother; Lewis Crittall as Piccini, the witty, warm-hearted father; and Mac Corah as Filippo, the brilliant son.

George Cunningham returns as the peppery Angelo, with Mary Scallise as Carmella, his excitable wife. Ann Bonavita will be re-

membered for her portrayal of the breezy sister, Marie, the part which she will again do, and Robert Daye will do his original role of Grant, the Broadway play boy. There are five in the present cast of "Moon Over Mulberry Street" who were not in the original production. The spoiled young heiress, Helen, who brings joy, then sadness, to Filippo, will be done by Victoria Nelson. The character of Nina, the hot tempered, sweet, little neighbor, will be played by Mary Stella Scallise. Gio, her romantic, older sister, will be Lorraine Bevington. Ray Weigel has the part of George, the ideal husband, and John Maleno has the part of Dominick, the good neighbor.

The whole production is being directed by Lewis Crittall and rehearsals now under way are progressing very satisfactorily. All indications point to a presentation of this comedy that will be even better than that which was such a sensation three seasons back.

JOINT REHEARSAL

A combined rehearsal of the St. Paul's and First Lutheran choirs will be held in the former church Friday evening and every member of both organizations is asked to be present.

Announcement is made today that Miss Kathleen Bailey, daughter of Mr. and Mrs. Harold Bailey, of Union City, and Alton M. Swanson, son of Mr. and Mrs. Manning Swanson, of Pittsfield, were united in marriage at two o'clock Saturday afternoon, October 18, at the home of the bride.

The ceremony was performed by Rev. Hewitt, of the Methodist church, and the couple were attended by Mr. and Mrs. Anton Moniak, of Youngsville. The bride wore a street frock of blue crepe and a shoulder corsage of red roses and baby's breath.

A reception was held at the Bailey home immediately following the ceremony, with the following as guests: Mr. and Mrs. Manning Swanson, Jessie, Helen, Nancy and James Swanson, Mr. and Mrs. S. S. Rogers, Mr. and Mrs. Philip Fehlman, Mrs. Olive York, Pittsfield, Mr. and Mrs. L. E. Lightner, Irvine; Mrs. Glenn Schell, Garland; Mr. and Mrs. Geo. Smock, Cochran.

Mr. Swanson is employed by the General Electric at Erie and the newlyweds will make their home at 107 South Main street, Union City.

Lookout Mountain is located in two states—Tennessee and Georgia.

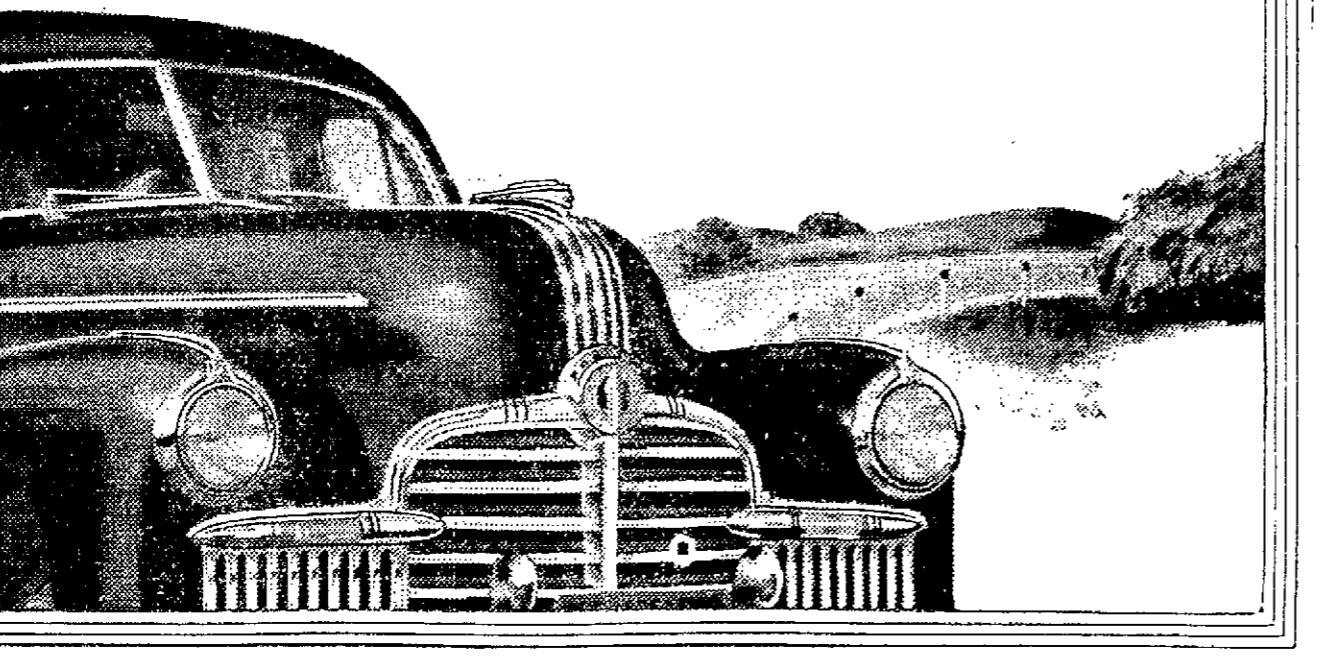

"Try this tasty treat, folks" says Aunt Jenny

Chicken Croquettes with Cranberry Relish
"They're seasoned up so tasty, folks, I can't eat the cranberry relish on top is the crownin' touch. But don't fry 'em in anything but pure Spry! It gives such a thin, crisp, delicate crust an' lets you get the rich, rich flavor of the food itself instead of duffin' it as ordinary shortenin' may."

deep hot Spry (375°F.) until golden brown. Test the fat (if you have no thermometer) with a 1-inch square of sliced bread and if it turns golden brown in 1 minute, the temperature is right for frying. Drain on absorbent paper. Serve with Cranberry Relish. Serves 6. Do all your frying with Spry—baking, too. Taste the difference.

Warren Soldier Writes Glowing Story of Southern Hospitality

Warren Times-Mirror

Having just read a letter from Don Baker which was published in the paper, I thought I might give you people an account of some real "Southern hospitality."

Saturday morning, a group of 18 fellows left camp for the barracks at Fort Bragg, North Carolina.

Arriving at the U. S. O. Headquarters, we were given cards telling us where to go for our night's lodging and meals, a map of the city and a ticket to the dance at the local armory. Then we were ushered out on the back lawn of the building and served with cold lemonade, cookies and cakes.

The next thing we knew, ten of us were in automobiles headed for our new weekend home. We were driven there by Red Cross workers. Arriving at our destination, we were greeted by our hosts, Mrs. Lewis, who gave us a hearty welcome. Next thing we knew we were in an apartment furnished with everything that a large table in the center of the room, also six single chairs and two double beds. We found writing paper, envelopes, stamps, cigarettes, cold drinks, playing cards and also a very generous supply of all the latest magazines.

We had our time to ourselves to do as we wished, so Jim Dean and I went to see the city. We walked over to the town square and up to the town hall and back to town. They even have signs on their cars, "Soldier, use with me." After taking in the town we went back to our "home" for supper.

The ten of us were served this meal in the apartment, and I must say it was as delicious a meal as I have ever tasted. Pine bark stew, sweet pickles, bread and butter, beef tea and some of their own.

Tidiote Man Gets Carnegie Hero Award

Tidiote, Oct. 23.—It is reported that Louis E. Smutz has recently received the money award of the Carnegie Medal for his part in saving six girls from drowning in the Allegheny river here in 1918.

The girls were Mildred Phillips, Margaret Resquist, Mira Emerson, Winifred Smith, Ella Caldwell and Arline Cook.

Others who were cited at the same time as Mr. Smutz for their share in the heroic rescue, were Mrs. Miriam Hague and William Snyder.

Mr. Smutz is a son of the late Mr. and Mrs. J. Smutz, and has lived here for a number of years.

Letters to the Editor

Editor, Times-Mirror,

Dear Sir:—

The following was composed by Patriot George H. Schweitzer, of Warren, Pennsylvania, the organizer of the present Command of the Bucktail Chapter No. 7. The verse has been published in the National Headquarters.

Our Country, Our Country, Our Country, wrong or right, It is the best, from East to West, and worth defending with our might. There have been mistakes and failures, in guiding the Ship of State, But if we all unite and rally, instead of strikes and Dilly-Dilly. We'll save our Freedom and Liberty, before it is too late. How long, Oh Lord, shall we reign, and despise the blood of the slain. The armies of Israel, in days of old, are challenged again by Goliath, the Bold. How Nations of God, is there not one, who'll face and fight this evil one? Let not your heart be troubled, On King, I'll fight him with a stone and sling. Array him with armour at once, And David slew the giant, who had the world defied. George H. Schweitzer.

PUBLIC INVITED

The public is cordially invited to attend the "Grand Oration" of the Sheffield Rod and Gun Club's new clubhouse Sunday, November 9. The event will last all day and evening, and the program of entertainment will include target shooting, games, music and other features. Refreshments will be served.

The clubhouse is situated on a tract of land along the Bull Hill road, about a mile and a half from the business section of the community.

PLAN FEATURES FOR FIRST WEEK AT NIGHT SPOT

Warren's newest night club the
Marconi Outing Club, is set for a
gala opening tomorrow evening
and dance and entertainment lov-
ers of the community will find it
one of the finest clubs in this sec-
tion of the state.

The management is taking
great pleasure in extending a wel-
come to all members to attend the
opening and inspect the beauty
of the club, which has been com-
pletely remodeled and redecorat-
ed. Many will marvel at the
beauty of the new and most mod-
ern cocktail lounge along with the
many other additions and im-
provements. Situated along the
Allegheny, the club boasts one of
the best settings in this section
of the state.

What is said to be the greatest
floor show ever seen in Warren
has been booked for one week,
commencing tomorrow evening.
Star of the show is John Steele,
who introduced many of the most
popular songs to the music
world. With his rendition of the
popular "A Pretty Girl is Like a
Melody," which he introduced, he
has thrilled countless numbers of
theatre goers.

Another well known star of
stage and radio who will appear
in the show is Hal Fisher, who is
better known for his part in the
musical comedy "Hello, Paris."
Those who see him will agree that
his impersonations are of the best
to be found.

Those who enjoy a dancing show
will be pleased with the perform-
ance of the Gale sextette, which
recently completed a 20-weeks run
with Ted Lewis and his band as
featured dancers. The sextette,
three girls and three boys, are
said to do all types of dancing
perfectly.

In addition to this nine-star show
another attraction will be the
playing of Orrie Beebe's popular
orchestra, featuring the solovox.
All members of the club are
heartily invited to attend the op-
ening tomorrow and enjoy an eve-
ning of fun, the best in entertain-
ment.

WARREN HIGH DRAGONS 5TH IN BIG 15' CONFERENCE; ALBERT SALERNO 3RD IN SCORING RACE

The Warren High School Dragons, who meet Bradford's Owls on Russell Field Saturday, are one of the finest ratings in the state, according to statistics compiled by Johnny Johnson of the Meadville Tribune.

In the mythical Big 15 ratings, which Warren is included, the dragons hold down fifth place and have scored more points than any other team in the conference, leading a 141 total. Grove City is second with 130 points, followed by Titusville with 120 points, and then Meadville with 110 points. The Owls from Bradford are expected to do battle with here this weekend, and the struggle promises to be one of the highlights on this year's local scholastic grid card.

The statistics:

Team	W	L	T	Pts	Opp
Warren	5	0	0	141	20
Grove City	4	1	0	130	15
Titusville	4	1	0	120	13
Meadville	3	2	0	110	10
Bradford	3	2	0	100	8
Sharon	3	2	0	90	7
Greenville	3	2	0	80	6
Franklin	3	2	0	70	5
Oil City	3	2	0	60	4

Albert "Slim" Salerno, hard hitting Blue and White fullback, ranks third in individual scoring with 39 points garnered through 10 touchdowns and three extra points, and he would be in second place if several other attempts to convert had found pay dirt.

And Warren possesses another distinction to be found in the statistics of individual ratings, the dragon scoring being divided among more players than any other team.

A forfeit by Geracimos caused shakeup among the teams in the Leading Knights circuit at the last night, the Nowell Press being in third place before their forfeit, were given the top notch trophy on a silver platter when they won the forfeit from the Geracimos regalia who just weren't there.

Lewis Market bettered one record at the Elks last night, boosting a high game of 904, replacing a former mark of Pileggi's Grocery, 869.

Johnny Smith entered the "223 club" with that score in his third game and Doc Gerry just missed ending up with a high single of 221.

At the Arcade Harry Wooster locked off 243 for about the only outstanding feat of the evening, enabling himself to beat the us for a 621 total, though he didn't beat his total record of 9 set two weeks ago.

Victoria Nelson, one of the prettiest bowlers among the ladies, ended in the best score for the sex sex we've received this season, a booming 183.

SPORT SCATTERINGS

RELATIONS MAY BE SNAPPED WITH LERS, POSSIBLY OTHER SCHOOLS IF LAGONS CAN'T PLAY NIGHT FOOTBALL

Recently a letter from the Oil City High School athletic department to Warren High School said in so many words that due to conditions beyond control, the only way the Oilers can draw expenses is longer is to play every blessed home game under lights at night. If the Oilers, having no other choice, they informed the Dragons that or would be necessary for next year's contest to be played there next or be cancelled, unless other arrangements may be made before next year. Oil City is in a rut, presently, and this town is in one just as well. But not quite of the same nature. The Oilers grid team has the 1 to win, but a winless slate which is now extending into the second successive season. Warren teams would like to play night football if opponents wish, but haven't been able to this year, and may be able to next season. Last fall night football was experimented with and no ill effects came from it. Yet, this year the school didn't vote to continue the practice and may not for 1942. If it is the case, one of the greatest grid rivalries in the section will be broken, the battle of the "Blues and Whites."

From various sources we have been informed that the Oil City team wasn't so much a demand as yet, and then were told from authoritative mouths that if it wasn't a demand for night football between the Dragons and Oilers when playing at Oil City, it served very adequately until something better comes along. Which situation causes us to shudder a little bit and to pray for some sort of agreement between the two schools. For, if Oil City should make move to cancel, it's our candid opinion that Bradford and Meadville wouldn't be far behind in crossing the "finish" line so far as grid games with Warren are concerned. Other schools have found night football to be the answer to a plea to make financial ends meet. Bradford, Meadville and Oil City have increased their crowds considerably by playing under the arcs, and most of their foes agree so when playing in these towns. This agent can see nothing but attorney, is well on his way already by Albert Sabath, who attorney, we feel will exceed whatever amount Whirly might be before his racing career is over. And in another field of play, don't rate Lem Franklin too low as a logical heavyweight contender. He seems to be the best, next to Billy Conn, or maybe even second to the Pittsburgh Kid, that's come along since Louis is the crown from atop Jim Braddock's curly head in 1937. And, didn't you know it, he's a Negro. After all these years of fighting for a good white hope to whip the Detroit Bomber. It's a pity who beat Louis' time in finishing Abe Simon by eight rounds, also stopped Tony Musto seven rounds faster than did the man. He can't have a title shot for a while, though, until he proves to Jacobs that the fans would pay to see him in New York. But some time next year, look out!

Gophers Must Stop Westfall Saturday

Minneapolis, Oct. 22.—The Michigan man Minnesota respects most is Captain Bob Westfall. And there's a reason.

Minnesota scouts, rating Westfall as the best spinning fullback in the nation, report he is just as dangerous as ever. He and the sophomore great, Tom Kuzma, fake the ball to each other. Sometimes the enemy sees it; most of the time they don't. Coach Bernie Bierman, busy building a defense against the chap who almost wrecked him last year, hopes his lads see the piskin often enough at Ann Arbor Saturday.

Westfall is not a flashy type. The triple threat business is for the other boys. He doesn't kick; he doesn't pass. But, boy, how he can spin with that football. Captain Bob's big, pudgy and built close to the ground. Once he gets rolling, look out!

UTAH LEADING IN STATISTICS ON GRIDIRONS

Seattle, Oct. 23.—(P)—This year's football offensive statistics show a substantial increase over those of 1940, although no team has turned in such a terrific total average as Cornell had rolled up at this stage of last season's campaign.

This was apparent from a comparison of American football statistical bureau figures for this week and for the comparable week of 1940. Last season, Cornell was miles in front with a 466.7 yard average gain from rushes and passes per game. This year it is Utah with a 409-yard average. The Utes also lead in running offense, with 321.7 yards per game.

Bulk of the other leaders, however, stack higher. For instance, in 1940, the tenth team averaged 230.5 yards per game. This week's tenth team—Texas A. & M., averages 338.5, and clubs ahead of the Aggies also reflect the increase.

Five of this week's top 10 teams are still undefeated. They are: Utah, which had to settle for a 6-6 tie with Brigham Young last week; Detroit, Cleman, Texas and Texas A. & M.

Best totals so far to the top of the best total defensive team against rushes and passes. Rutgers gets its first stiff test this week with Syracuse. So far the undefeated Scarletts have held the enemy to an average of 87.3 yards per game.

Among those playing tougher opposition, Tulane's Green Wave has washed back the foe with only 33.5 yards per game.

Detroit and Texas A. & M., switched places as the leading forward passing teams. Detroit, second last week, now leads with an average of 208.2 yards per game in the air. The Aggies, first last week, dropped to second with a 201.8 yard average.

ROCKETS AIM FOR WIN

Slippery Rock, Pa., Oct. 23.—(P)—Slippery Rock gridders, chagrined by two successive defeats, hope to turn the tables in their clash with Grove City Saturday. Last season the Rockets trimmed the Crimson 27-7, but no such easy job is looked for this year. Grove City has won two and lost only to Geneva.

EXERCISE OFF MODERN GIRLS' MUST' SCHED

Philadelphia, Oct. 23.—(P)—Modern girls are missing lots of gym because they don't pop into gym clothes as often as they do an evening dress, says this district's nominee for the nation's outstanding amateur athlete of 1941.

"The girl athlete needn't give up social good times," Mrs. Roberta Frank Bonniwell said today. "I know I look as well in an evening gown as I would if I had never exercised—probably better."

The trim figure of the attractive 38-year-old judge's wife gives emphasis to the words.

She recently was nominated by the Middle Atlantic A. A. U. for the 1941 Frank E. Sullivan award, which never has gone to a woman. The recipient is selected from candidates chosen by the nation's 40 A. A. U. districts.

The honor didn't come on the strength of her latest athletic title, the 1941 Woman's National A. A. U. Indian club championship, but rather for an impressive list of accomplishments which date back 20 years and include 30 national and district titles.

Mrs. Bonniwell's interest in sports is actively shared by her husband, Municipal Judge Eugene C. Bonniwell, who is president of the district A. A. U.

But she can't understand the apparent apathy of girls toward gymnastics, fencing and track and field sports.

"Some of them may think athletics aren't lady-like; others are just plain lazy, I'm afraid," Mrs. Bonniwell added.

"Little girls often outrun little boys in races and outplay them in their games. Yet as the girls grow older they lose interest in competitive sports."

Greenleaf Comes From Behind, Beats Kelly

Philadelphia, Oct. 23.—(P)—Ask George Kelly what it means to miss the boat and then get set for a long chat—the Philadelphiaian is now an expert.

Kelly came close to staging the most thunderous upset of the \$10,000 world's pocket billiards championship last night when he took a 90 to 50 lead over Ralph Greenleaf—and then watched the Chicago marvel knock in 65 to run out on him in the 12 innings and win the match.

Greenleaf, battling for his 18th world's championship, trailed 64-1 in the eighth inning but then caught up to hang up runs of 47, 10 and the unfinished 65.

Greenleaf had to share the spotlight with Woe Willie Mosconi, defending champion from Philadelphia, who all but brushed off the table with Don Tozer, three-time loser from Decatur, Ill., 125 to 15.

Strengthened Dukes Ready for Marquette

Pittsburgh, Oct. 23.—(P)—Considerable power was added to Duquesne's unbeaten Dukes today with the return of Phil Aluwesh and Joe Chadonic, a couple of aerial experts who had been shelved by injuries.

The Dukes, who appeared a little shaky in scoring only one touchdown against St. Vincent last week, thus will be at full strength for the game against Marquette in Milwaukee Saturday night. The Duquesne team will leave by train tomorrow.

TIONESTA MAN HURT IN CRASH

F. R. Kilmestiver, 63, Tionesta, was taken to the Oil City Hospital in a serious condition today following an automobile accident four miles north of Tidioute, which occurred about 8:20 o'clock this morning.

Kilmestiver was operating a 1939 Oldsmobile sedan and was driving toward Warren on U. S. 62 when his car skidded, striking the left front side of an Autocar truck, owned by the Pennsylvania Department of Highways, and operated by C. A. Sampson, 64, 11 Monroe street, Warren.

Kilmestiver's injuries could not yet be determined according to a report made by Private E. A. Reader, of the state motor police, who investigated.

Harry E. Spencer, 30, another state employee riding with Sampson, was cut on the right knee and was treated with first aid. Sampson escaped injury.

Damage was estimated at over \$1,000.

doubt at a White House legislative conference Tuesday as to whether sufficient votes could be obtained for elimination of the combat zones. Connolly told reporters, however, sentiment now was swinging behind that proposal.

Acknowledging "sentiment isn't voting the Texas senator declared he thought there would be less debate if the senate acted on the armed ship and freedom-of-the-seas proposals at the same time, instead of "taking two bites at the apple."

There was general agreement that the foreign relations group would reject the suggestion of Wendell L. Willkie and more than 100 other Republicans that congress repeal the neutrality law completely.

"There are some provisions that we ought to preserve—a few little gadgets that we might leave around for ornamental purposes," Connolly asserted.

He mentioned provisions preventing belligerent governments from soliciting money in the United States, establishing government control over munitions exports, and forbidding the use of the American flag by foreign ships.

Willkie's repeal proposal was criticized today by Senator Nye (R-ND), steadfast foe of administration foreign policy. He said the 1940 party nominee's suggestion had been received with "intensity" even among Republican "interventionists."

"If Mr. Willkie keeps asking for it," Nye added, "he may find himself invited to get out of the way and let the Republican party breathe and grow. He certainly does not represent the majority of Republicans."

Capital Being Turned Into a Second Verdun

(From Page One)

in references to continued fighting in Stalingrad, the Donets basin manufacturing city which the Germans said Tuesday was captured. It declared Red army units had stopped German tanks in the Mozhaisk sector west of Moscow and counter-attacked heavily against the jaws of the German pincer, at Orel, 200 miles south of the capital, and Kalinin, 85 miles northwest. The British broadcast was head in New York by CBS.

Dispatches to London told of mass bombing raids on Soviet communications and of light tanks, armored cars and small field guns landed behind the lines by German transport planes.

Many parachute troops were said to be dropping over bombed targets to raid Soviet supply columns.

Russian fliers, however, were declared to be challenging this bid for aerial supremacy.

Sparse news from Russia was taken here to indicate that German drives had been halted at all points except the southernmost tip of the battle line from the Arctic to the Black Sea and the Russians declared the capture of Taganrog, on the Azov Sea 30 miles west of Rostov, had cost Germany and her allies 55,000 casualties.

For the first time since midnight Sunday, the Soviet information bureau did not stress the fighting at Mozhaisk, 57 miles west of Moscow, and Maloyaroslavl, 65 miles southwest. It said simply that "During Oct. 22, our troops fought the enemy along the whole front."

"After many days of stubborn fighting, when the enemy lost 35,000 dead and wounded," it said, "our troops evacuated Taganrog."

"Germany had reported capture of the city last week end.

London strategists visualized a joint British-Russian defense of the Caucasus in the event the Germans enveloped the industrial Donets region and then headed southwest toward that area of oil and agricultural riches.

Even, which has common frontiers with Russia on both sides of the Caspian Sea, would provide bases under the occupation by British and Russian armies.

One observer said, however, that if the Germans succeeded in wrecking the Donets defense of Marshal Semyon Budennyi they probably would strike north in an attempt to outflank Moscow's rear.

Bearing indirectly upon the German-Russian conflict, both the British and the Axis are known to be reinforcing their north African armies for a renewal of the Egyptian-Libyan fighting which had slackened during the hot summer and recent rainy season.

Far behind the Ukrainian battle lines, Russian troops fought to retain possession of the Crimea, bypassed by the bulk of Adolf Hitler's southern forces on the drive east from the Dnieper.

Protection of the Red fleet base of Sevastopol and maintenance of a Red army force capable of harassing communications at the German rear are Soviet aims.

NON-PARTISAN LEAGUE

Former Judge Edward Lunder of Warren and Forest Counties said last night at a well attended meeting of the Non-Partisan League for Judge held at Clarendon: "I think I am qualified when the opportunity has been accorded me to tell the voters what the qualifications of a Judge should be. The Judge then enlightened the audience by the various classifications of court held and the great responsibility a Judge has to perform. He said: "To be qualified for a Judge you need knowledge and then experience to become a good lawyer which you do not learn in a few years when they make you qualified to be a good Judge. He continued: "In my experience as a Judge, I consider Earl H. Beshlin of the two candidates by far the greater qualified for this responsibility. He has through his long experience the knowledge how to apply the law. He has a special ability to listen patiently, ability to consider evidence with all its bearings without prejudice and then render decisions."

Harold Harpison, attorney of Warren said: "To elect a Governor or a political platform you need senators and assemblymen and to work with the Governor's program. You do not walk into a court and ask for a Republican or Democrat decision. Only that you are interested in is the law of the land to the case in question and you expect an impartial result. If any office should be Non-Partisan it is the Judge. He continued: "Earl H. Beshlin whom I have known for 25 years, has wide experience, as Burgess, School Director, Congressman, Referee of Bankruptcy, Referee of Workmen's Compensation and there is no comparison as to qualifications."

Earl H. Beshlin, candidate for Judge was asked to say a few words. He said in part: "I notice there are signs out reading 'Keep Warren County Republican'. This is an insult to the people of these counties, as if there is any office that should be non-partisan it is this position of Judge. If I am elected Judge I pledge right here that it will never be a political office."

LATIN CLASSES HOLD COMBINED MEET AT BEATY

The first combined meeting of the Junior Classical League of the Beatty and high school Latin classes was held in the Beatty auditorium Wednesday evening. James Shortt, one of the senior consuls, was in charge. The program opened with singing of several selections in Latin. "America," "Integer Vitae" and "Gaudeamus Igitur."

The first number for the program was a short play by Miss Leona Westlund's pupils. "The Haunted House" by John Benington was an exhibition of baton twirling, and Miss Anabel Day's pupils presented a dramatization entitled, "A Trip Through Roman History." Bob Dietsch played a clarinet solo. The final number was the initiation ceremony of the Junior Classical League by Miss Glenda Gilmore's pupils.

Following the program, certificates of honorable mention for having received high grades in the Latinum tests last spring were presented to Byron Matreels, Lois Eikenberg, Charles Hahn, Grace Young, Marjorie Larson, Betty Rapp, Lois Edwards, Jane Mahaffy, Marian Krudler, Veda Knudgaard, John Seavy, Joan Weiler and Rachel Blomquist. Medals were presented to Hugh Jameson, Patty Kolpin and Betty Seely.

With Our Boys in The Carolinas

BY A. F. LITTLEJOHN Camden, S. C., Oct. 22—(T)—Major Gen. Lloyd R. Fredendall paid high tribute to the "zeal, efficiency and spirit" of the 44th Division today as his blue second corps gained the initial advantage in the Carolina army maneuvers.

The 44th, made up of New York and New Jersey national guardsmen struck out in a 60-mile cross-country march westward from Wadesboro, N. C., winning its commanding officers' praise. The division is commanded by Brig Gen James I. Murr of the regular army who recently re-

placed National Guardsman Major Gen. Clifford R. Powell. The blue second corps captured the initiative in the maneuvers by moving forward in an hour and a half head start against the striking 8th and 30th divisions of Major Gen. Charles P. Thompson's red first corps. The first and second corps of Major Gen. Hugh A. Drum's first army are battling each other in a name warfare near Lancaster, S. C., in the first inter-corps exercise of the two-month maneuver program. Principal action thus far has centered about Lancaster with the red forces concentrating in a circle while blue soldiers were seizing the strategic cities of Monroe, N. C., to the north, Pageland, S. C., to the east, and several places in the vicinity to Kershaw, S. C., to the south. The sixth corps, commanded by Major Gen. Karl Truesdell, neared completion of a problem in attack and defense of a crossing on the Pee Dee river in North Carolina. It was announced that men of this corps composed of the 1st and 26th divisions, would be given their regular weekend leave Friday and Saturday of this week instead of Saturday and Sunday since the next field exercise will start Sunday.
